

# Visualization of Paddy Production, and Salinity Levels in Lower Mekong Delta, Vietnam

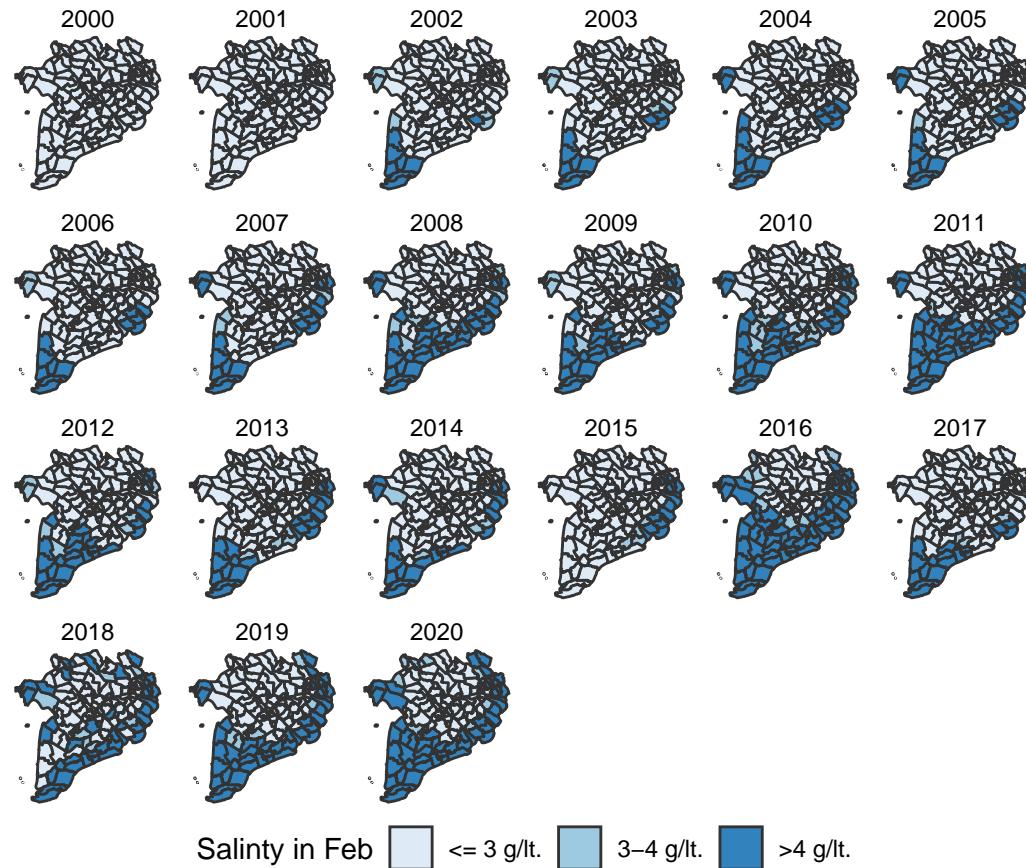

Figure 1: The spatial distribution of salinity level in February in MKD for the period 2000-2020

Figure 2: The spatial distribution of Dong Xuan Paddy yield in MKD for the period 2000-2020

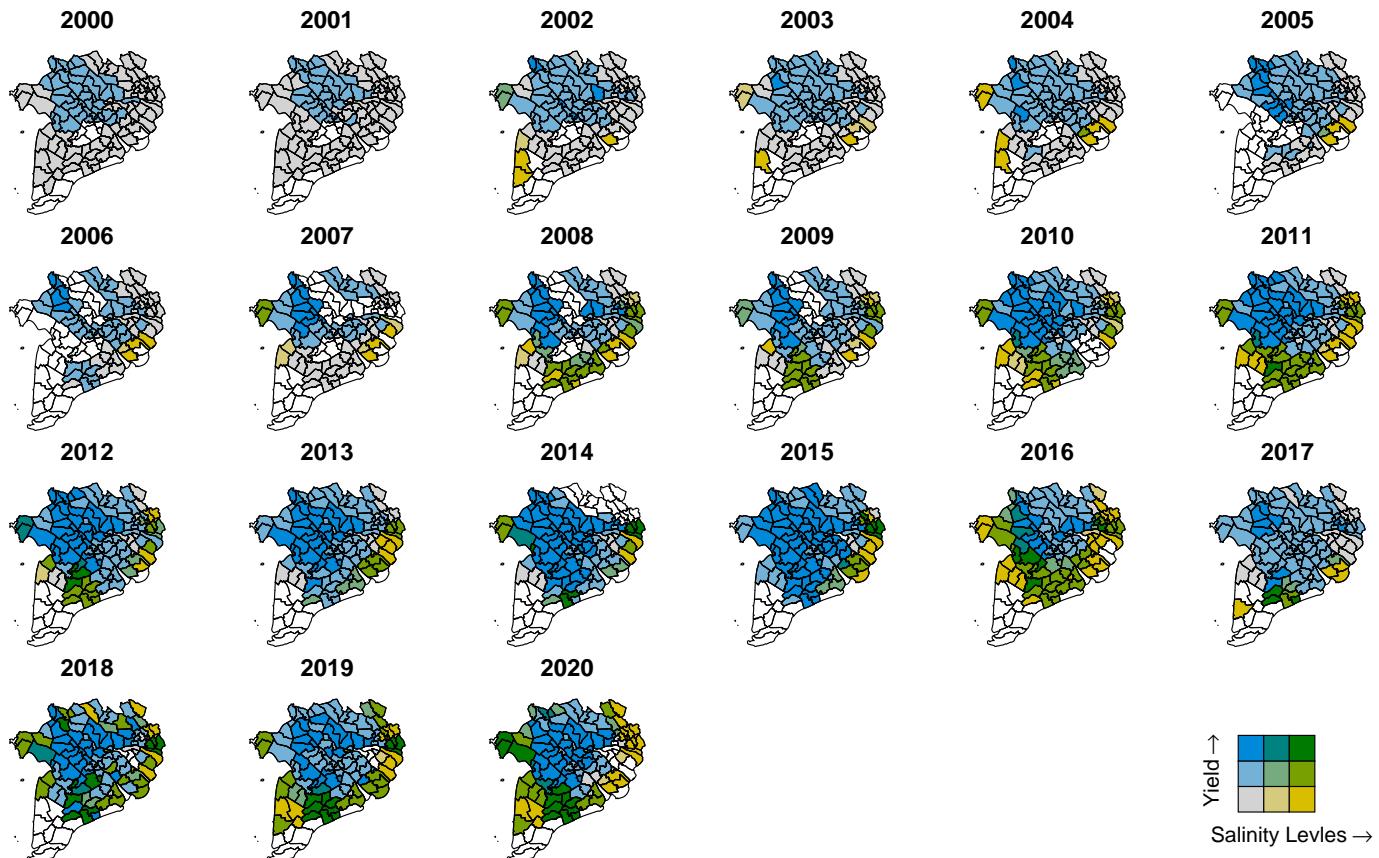

Figure 3: The correlation between paddy spring yield and salinity level in February in MKD for the period 2000-2020

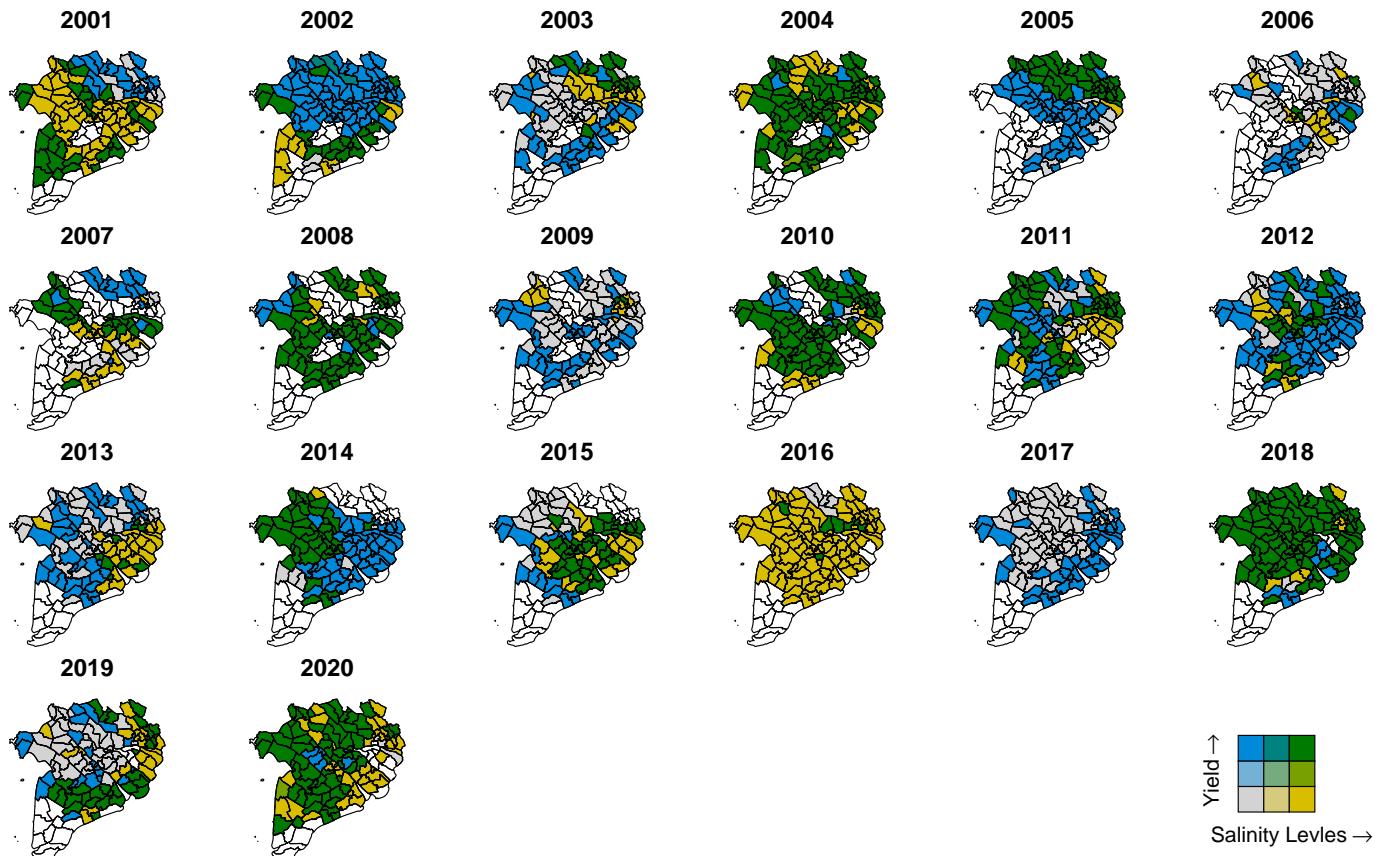

Figure 4: The correlation between change in paddy spring yield and salinity level in February in MKD for the period 2000-2020
